

Hampshire Athletics

Road Running Report to AGM 2012

Road Running continues to thrive in Hampshire as can be seen from the Hampshire Road Race League which must now be one of the most successful Road Race Leagues in England. It now comprises of both an A and a B League. The A League has 3 Mens Divisions and 3 Womens Divisions all of which are very keenly contested. The next league race will be in conjunction with the Eastleigh 10k which this year has its biggest entry 2500.

A big thank must go to Graham Coleman of Victory AC the long standing secretary of the league who works so hard to ensure its continued success.

The Road Race Sub Committee meets every 6 weeks at Fleming Park with often more than 20 attendees and which deals with all aspects of Road Running in the County.

On the 7th May and in conjunction with the Multi Events Championships we will be staging the 2nd Hampshire 10k and hopefully it will go a long way to improving the County funds.

On the 1st April UK Athletics will be introducing the new system of event officiating with the introduction of Adjudicators. Only time will tell whether it will work and all Hampshire Endurance Officials have recently been made aware of the changes.

Colin Goater
Road Race Secretary
