

## SURREY SCHOOLS ATHLETIC ASSOCIATION: CROSS-COUNTRY CHAMPIONSHIPS 2017

### DIRECTIONS TO OVERFLOW PARKING AT CANON UK

Directions to public car parks in Reigate have been posted on the SSAA website / e mailed to team managers. In addition, following the practice used last year, SSAA has been able to secure additional parking spaces at the offices of Canon UK, Post Code RH2 8BF, which is c15 minutes' walk from the race start / finish area – see Map / Directions below

To reach the Canon offices from Reigate town centre, continue South up Bell Street for approx. 800m, over the top of the hill. The entrance to Canon is on the left, about half way down the hill towards Woodhatch.

After entering the Canon site, bear immediately left up the hill. There are barriers: press the buzzer for access (security will open the barrier). Continue up the hill, bearing to the right, and you will see the main car park (capacity c200 cars), Please park in the marked bays. On exit the barrier should open automatically, but approach carefully.

Note that cars are parked here at the owner's risk. The entrance is quite steep and may be icy. There will be no provision for assisting cars that are stuck as a result. **Neither Surrey Schools AA nor Canon UK Limited can accept any liability for loss or damage.**

To reach the race start area (Reigate Priory Playing Fields on map above), retrace your steps back up Cockshot Hill. This is a **busy road**: please use the pavement and **cross carefully** where / when it is safe to do so.

Surrey Schools AA are extremely grateful to Canon UK for their assistance in supporting this event.
